With winter rains creating slippery road surfaces, frost and even snow making its appearance in certain parts of the country, it is time to check your tyres and make sure they are #SaferthanSafe. For those wanting to leave the crowds behind and head for the safety of the secluded beach or bush during the school holidays, making sure your vehicle and tyres are in tip top condition will go a long way towards keeping you and your family safe on the roads.

The Dunlop Winter Promotion runs from 28 June to 31 July 2021 and when you buy four Dunlop 16-inch or above tyres you get a R350 Takealot voucher to spend as you please. Need a 15-inch or below tyre? Buy four and receive a R250 Takealot voucher.

Thanks to Dunlop there is no need to make excuses for why you can't or shouldn't buy that weird, interesting or cherished item you have had on your wishlist all year long. Now you can get the tyres you need and that coveted or 'wished' for the item too.

But before you go shopping, get to know what you are looking for in a tyre. Need a stylish new look for your SUV or 4x4? The Grandtrek AT3G 2-ply WLT (white lettering tyre) will fit the bill. For on- and off-road capabilities, designed for exceptional ride comfort with a smart new look, these tyres make rugged look good. Prefer a more subdued look? Then go for the Grandtrek AT3GM and get the best performance no matter the terrain with three-ply sidewall strength and puncture resistance.
