

SAP recognised globally as a top employer

SAP has been recognised as one of South Africa - and the world's - top employers in the latest Global Top Employers 2019 rankings.

SAP has been recognised as one of South Africa – and the world's - top employers in the latest Global Top Employers 2019 rankings. The annual, international research undertaken by the Top Employers Institute recognises leading employers around the world that provide excellent employee conditions, nurture and develop talent throughout all levels of the organisation, and strive to continuously optimise employment practices.

Ranked eighth against 200 submissions, SAP has also received global certification for excellence in employment conditions and is one of only 14 organisations to achieve the Global Top Employers 2019 certification, in addition to individual certifications in countries across Europe and in North and South America.
