

# Creative Leaders Retreat - be inspired and empowered

TUSCON, US: One Club is again offering you a retreat, to recharge your batteries but also to be inspired and empowered...

Here's what some of last year's attendees had to say about the retreat:

*"I was blown away by the talented people, the openness and the general spirit of goodwill everyone imparted."*

*"LOVED IT! Very educational and much needed."*

Now that you've started working on your New Year's resolutions - lose 10 pounds (that's 4.5kg to those of you in the metric world), eat healthier, work out, etc - add "Move into a creative leadership role" to the list.

Register now for the Creative Leaders Retreat and start the year right by getting advice, insight and ideas about how to become a better creative leader. Featuring small group sessions and plenty of time for discussion, the Creative Leaders Retreat provides the mentorship that you need to further your career.

Escape the polar vortex and come back inspired and empowered.

A limited number of seats are still available.
