

Joburg Film Festival opens entries for the Youth and Audience Development Programme

Entries for the 2019 Youth and Audience Development Programme at the Joburg Film Festival are open. The initiative is in partnership with Gauteng Film Commission and sponsored by The MultiChoice Group.

The Youth and Audience Development Programme will comprise a series of two-day workshops and special screenings across Gauteng during October and November. The workshops will see industry professionals give lessons on the craft of cinematic storytelling and local talent development.

To be part of the programme, young filmmakers - between the ages of 18 and 24 - must create a short film celebrating their neighbourhood with the theme 'Your Kasi, Your Story' and enter it at: <https://www.joburgfilmfestival.co.za/your-kasi-your-story>.

Entries close on 4 October 2019.
