Cape Town Simulcast

Simulcast tickets are currently only open to previous Simulcast delegates (past attendees both student and other) who have attended the event in the last two years. Giving back

Since 1995, the Design Indaba has contributed vastly to uplifting the South African design sector through education and projects - and will continue to do so. For the first time in 2019, they'd like to invite delegates to make their own contribution to growing the design industry by way of a voluntary donation towards the not-for-profit Design Indaba Trust, which supports the attendance of students in need. This voluntary donation is entirely at your discretion and is an optional prompt that forms part of your online booking and payment – so there's nothing extra you'll need to do.

And if you're already doing something amazing within the design community, Design Indaba would love to hear about it. Share it on their platform. Please contact the Design Indaba editorial team at [editorial\[at\]designindaba.com](mailto:editorial[at]designindaba.com) with your news.
