

WINNERS ANNOUNCED!

Encompassing a record 74 categories, the winners of the 10th annual Bookmark Awards were announced at the conclusion of the 2018 IAB Digital Summit, which were both held at The Theatre on the Track, Kyalami, on 1 March 2018.

The IAB SA's Bookmarks 2018 took place on 1 March at the Kyalami Theatre on the Track.

The IAB SA Bookmark Awards honours individuals, agencies, publishers and brands that have produced creative and innovative work that delivers tangible results. Narrowing down finalists from the over 600 entries has taken this year's panel of judges several weeks and countless hours.

Coveted gold Pixels went to 12 entries, while silver Pixels went to another 55. Eight black Pixels – Special Honours Awards – were presented. Once again Ogilvy scooped Best Digital Agency, with KFC being awarded the much-coveted Brand of the Year, and KFC's Ben Schoderer winning Best Marketer.

Modern and cutting-edge advertising

Chairman of the M&C Saatchi Group and jury president IAB SA Bookmarks 2018 Jerry Mpufane says, "The Bookmark Awards are an interesting window into modern and cutting-edge advertising. The great brands entered their work, and I know I speak on behalf of the jurors when I say that we saw some worthy winners."

“ The case study entries challenged the way we look at advertising, elicited some heated debates about what works and what doesn't, and mostly some lessons came out which can be applied into the future – and that's very exciting. ”

IAB SA CEO Josephine Buys added, "Once again, we had an incredibly high quality of entries to the Bookmarks and the judges had a tough time evaluating the best of the best. We'd like to thank the industry for their ongoing support and, of course, our sponsors, without which the Digital Summit and Bookmark Awards would not be possible."
