

Orphanage receives donation from Gabriel, AutoZone

Gabriel and AutoZone Nelspruit, major players in the automotive industry, have recently donated new blankets to the Msholozhi Orphanage Care Centre on the outskirts of White River.

The centre, which has around 70 children, is located in an old military shed that gets very cold in winter. The centre held an activities day, with soccer and athletics. Joining in the celebrations was the local SAPS that donated MacDonald's to the children, a new fridge and some essentials.
