Festival of Ideas: Do you have a business idea that addresses a social or environmental problem? We're giving away R35,000 in cash prizes!

Do you think you have what it takes to pitch to a panel of experts and an audience? We want to hear from you!

The Gibs Entrepreneurship Development Academy (EDA), in partnership with the SAB Foundation, will be hosting the 8th annual Festival of Ideas Competition at the Gibs campus in November 2021 during Global Entrepreneurship Month; an international festival of entrepreneurship that aims to connect entrepreneurs, investors, researchers, policymakers and ecosystem players.

The annual festival provides a platform to showcase sound business ideas that drive a social or environmental mission to achieve social change. Aspirant social entrepreneurs will have the opportunity to pitch their unique business ideas to a panel of experts for a chance to win a share of R35,000 in cash prizes.

Since winning the competition, last year's winner Kabelo Mahlobogwane moved his business, The Marking App, from ideation to prototype stage and has gone on to work on a partnership with the Microsoft Foundation.
