Senior Front end Developer - React

Remuneration:	basic salary
Location:	Johannesburg, Sandton
Education level:	Diploma
Job level:	Senior
Type:	Permanent
Reference:	#NF58497
Company:	E-Merge IT Recruitment

New work in at a top intech with core focus in data science and a global portfolio to play with. The current need is for a Senior Front End Developer and guru in React and TypeScript. Im looking for someone with a love for turning complex technical challenges into well-designed solutions! You will join their SA team and aid the migration of a core business product.

Join the team and you will play a key role in a fully integrated, multitenant web application, operating in 6 continents globally. By nature, you are a problem solver who is forward thinking and innovative in your execution. You ensure high quality output and are capable of working and building collaborative relationships that drive business forward!

This is what you need to land the job:

- You have eiight-plus years' experience in software development with a love for clean code.
- You are quite the guru when it comes to React and TypeScript; as well as proficiency in using Tailwind, HTML, and CSS for modern UI development.
- Familiarity with Remix. Run, Redis, C#, .NET Core, and AWS will serve you well
- By nature, you are proactive and drive results; you work well in a collaborative team
- Excellent problem-solving skills and a can-do attitude.
- You have a BSc Degree ins IT or Engineering with a natural flare towards Mathematics and science.
