

Eurobest opens for registration, launches Creative Basecamp

Eurobest, the Festival of European Creativity, which this year moves to Antwerp, has opened for delegate registrations...

Among the new initiatives at the 2015 edition is the Creative Basecamp, a central hub for young talent, launched with the Creative Club of Belgium.

Philip Thomas, CEO Lions Festivals, said, "The Creative Basecamp goes much further than just providing a space - it's a home, a meeting place and an inspiration hub. It's a great addition to Eurobest and helps maintain our commitment to nurturing young talent."

The Pulcinella Hostel in Antwerp will become the Creative Basecamp from 1-3 December and will provide the young generation with accommodation, briefings, opportunities to meet speakers and jurors, master classes and evening events.
