Petrefuel currently operates across the Western Cape, Eastern Cape, KwaZulu-Natal, Free State, and the Northern Cape.

The agreement is subject to the fulfilment of certain suspensive conditions expected to be completed by the end of August 2023. The current shareholders of Royal Holdings have opted to take up a 15% share in the jointly merged entities.

Commenting on the acquisition, head of downstream at Petredex Onshore James Bullen said, “The South African liquid fuels landscape is currently being redefined following a number of significant domestic and international events over the past few years. We welcome the team from Royale Energy to Petrefuel and look forward to leveraging the combined strengths of the two businesses.”
