

TOGAF Enterprise Architecture Level 1 and 2

This five-day accredited course consists of tuition on the TOGAF Standard version 10 in accordance with The Open Group certification requirements.

Level 1 (day 1 and 2) covers an introduction to the TOGAF standard concepts. Level 2 (days 3-5) goes into more depth with the concepts. To promote active learning, the course has a blended-learning approach that includes printed handouts and practice exams, online quizzes and reference material, and a comprehensive pack of learning studies for practical application.

Each delegate will receive a combined certification examination voucher to complete the TOGAF Enterprise Architecture certification examination.

The TOGAF Standard is the most prominent and reliable Enterprise Architecture standard, ensuring consistent standards, methods, and communication among Enterprise Architecture professionals. Those professionals who are fluent in the TOGAF approach enjoy greater industry credibility, job effectiveness, and career opportunities. The TOGAF approach helps practitioners avoid being locked into proprietary methods, utilise resources more efficiently and effectively, and realise a greater ROI. TOGAF Standard, 10th Edition is divided into the TOGAF Fundamental Content and the TOGAF Series Guides; the TOGAF Fundamental Content provides the core concepts and practices, and the TOGAF Series Guides advise on the configuration of the Fundamental Content.
