In what appears to be a marketing ploy, *Fortnite*'s 10th season came to an end in a cataclysmic explosion that was witnessed by players worldwide.

According to multiple reports, the entire game disappeared into a black hole that can now be seen across social media, [Epic Games' website](#) and *Fortnite* itself.

The black hole is the only clue as to where Epic Games intends to take the game next, with many convinced that season 11 will feature an all-new map.

Meanwhile, fans have taken to Twitter to comment on the game's disappearance.
